Dear Ms. McAndrews,

On behalf of the children and families we serve, please accept my heartfelt appreciation for your grant of \$20,500.00 on May 09 for our summer pediatric cancer patient and sibling programs.

Special Love offers a community of support to help children with cancer and families when life is at its worst – so families can be at their best. We do it through engaging programs, emergency financial assistance, and educational scholarships.

Each of these services play an important role in their lives at a time when they need it most. Thanks to the support of friends like you, we have been there for our families and will continue to be there to help whenever they need us.

As you can imagine, the pandemic made it harder to provide supportive, fun programming, but by developing interactive virtual programming we were able to reach nearly 1400 children at home and in the hospital, across the country and in our own back yard.

Until we are able to safely gather together, we will remain just a click away, thanks to you.

With Special Love,

Jan Bresch
Executive Director
