May 19, 2022

Dear Karen,

Thank you so much for your contribution of \$51,500.00 to Camp Quality. With your support, we will continue to offer children with cancer a fun and inclusive camp experience.

Each of our week-long camps provide children affected by cancer, aged 7 to 17, an opportunity to try new things, master new skills and form friendships in a camp environment that helps them overcome the life-altering impact of their illness. We couldn't provide this experience at no cost to the camper without your support, the support of other donors and the work of more than 400 volunteers.

On behalf of those volunteers, our campers, their families, our board of directors and staff, I thank you.

With gratitude,

Fred Glady

President of the Board, Camp Quality Canada
