

**CANCER SUPPORT
COMMUNITY
MONTANA**

Dear Care Camps,

You are a CSC hero! Thank you for your dedicated support. It is caring people like you that make Cancer Support Community possible. **Your giving has a transformational effect on CSCMT and our local community.**

"No one really understood how I felt until coming to CSC. There I found my tribe." -CSC Participant

Cancer Support Community currently is serving hundreds of participants through our Virtual Community. These classes focus on mind and body, emotional support, education, exercise, and family programs. All programs are available to cancer survivors, caregivers, family members and friends. We also hold a few annual retreats like Mending in the Mountains for women, and For One Another family camp. All of this is offered to our participants free of charge thanks to amazing supporters like you!

You made a difference today! Thank you for choosing CSC with your philanthropy so no has to face cancer alone.

We appreciate you,

Becky Franks
