Dear Ms. McAndrew:

Thank you for the recent gift from KOA Care Camps to support Camp Rainbow at the Children's Hospital of Georgia. I sincerely appreciate your commitment to our young patients, their families, and to our institution as a whole.

As you are aware, Camp Rainbow provides free camping experiences for ill children. Any patient with cancer or a rare blood disorder who has been diagnosed and treated at the Children's Hospital of Georgia is eligible to attend Camp Rainbow and bring along one sibling. The children spend six days just being children, while parents and other family members get a needed rest knowing their children's needs are being met by the camp staff. I am grateful for your foundation's thoughtful contribution that will affect countless lives and enables us to continue these very necessary programs.

Further, your generosity and long history of partnering with the Children's Hospital of Georgia will inspire other community members to support this very worthy initiative. Thank you for your outstanding philanthropy and continued advocacy on behalf of our young patients.

If I may ever be of service to you, or address any questions or concerns, please do not hesitate to contact me at ebrandon@augusta.edu or 706-825-4779.

Sincerely,

Eileen V. Brandon, MPH
Interim Vice President for Development
