Dear Ms. McAndrew,

Wapiyapi gratefully received the capital grant of \$3,000 on July 17, 2022 in support of families facing the challenges of childhood cancer. Your generosity translates into big smiles at Camp Wapiyapi where patients and their siblings can just be kids again.

The grant helped us provide a safe camp environment with two open air tents: a meals tent and a craft tent. A parent shares her gratitude:

*"Other organizations seem to have moved on (from COVID precautions), but Wapiyapi is still so cautious and careful! Thank you making a safe camp happen!"*

We are so proud that there were no COVID cases during our camp season – thanks to you. With your partnership, families find healing, friendship, and fun at Camp Wapiyapi!

With gratitude,

David Panzer  
Board President
