CANCER SUPPORT COMMUNITY MONTANA

July 1st, 2022

Dear Care Camps,

Thank you for your generous sponsorship of Cancer Support Community's *For One Another* family camp – it was a huge success! This past weekend's retreat at Camp Mak-A-Dream gave participants time to soak in the support of each other, the space to learn new skills, and the ability to better manage cancer in their lives.

We are happy to announce with your partnership we were able to serve nine Montana families who have been impacted by cancer. Through emotional support and outdoor games, the kids attending were able to find improved communication, connection, and coping skills. Additionally, *For One Another's* art therapy programs were a huge hit, and helped children to process the change in their family dynamic and find their own voice to communicate how cancer is affecting them. Families also enjoyed bonding activities to build trust with one another, confront conflicting emotions, and find empowerment throughout their cancer journey. **Thanks to YOU**, this entire camp experience was provided *free-of-charge* to the families.

We are so truly grateful for you. We hope that we can continue to partner on this family camp program and work together again next year to provide a weekend of respite and joy for local Montana families impacted by cancer. Attached you will find more details on how Cancer Support Community was able to honor you this year. Please reach out if you have any questions.

Sincerely,

Becky Franks & Kimi Rook
CEO Education & Youth Manager

P.S. Cancer Support Community's Annual Gala is October 14th at The Gallatin County Fairgrounds in Bozeman! Join us for dinner, drinks, and our charity auction. Please call 406-582-1600 for any questions. We hope to see you there!
