Dear Ms. Andrews,

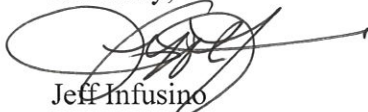

On behalf of the children and families we serve, thank you for the generous donation of \$30,000.00 to Camp One Step by Children's Oncology Services. We're grateful for this grant, which will support 2022 Summer Camp.

**Our camps create smiles, connections, laughter, and hope.** The impact of your gift is found in the incredible change that occurs when children who feel afraid and alone find a camp community who understand them and become like a second family. **In 2021, we served 1,060 campers – the largest number for a single year in our history!** We've also developed **new resources** to support families facing a pediatric cancer diagnosis, including our podcast series called "No One Understands". Over the course of the series, each episode will address important topics and offer helpful information related to navigating a pediatric cancer diagnosis.

Another new program that we began in 2022 is CONNECTED, which will offer three unique digital camp opportunities this year: one for children with cancer, one for siblings, and one for families. The goal of our CONNECTED program is to reach even more children and families who need support, including those who live too far away or are too ill to attend a program in-person. This critical program will keep children with cancer connected to peers from wherever they are, even their hospital bed.

Camp One Step will continue to provide unique, free camp programs and services throughout the year to meet the evolving social, emotional, and physical needs of our camp community. Thank you for being an incredible partner in impacting the lives of the many pediatric cancer patients and survivors served by our organization. **Together we are fueling these kids with joy, friendships, and support at a time when they need us most.**

Sincerely,

  
Jeff Infusino  
President
