

Care Camps Foundation

Where Hope Takes Root

Care Camps Foundation supports pediatric oncology camps across the United States and Canada, helping children with cancer experience joy, belonging, and the healing power of the outdoors at no cost to their families.

When a child has cancer, so much of life revolves around treatment. Our funding helps camps deliver safe, accessible, medically supervised experiences *where kids get to be kids and families find community.*

Your donations help ensure camp remains a place where children feel understood, can play, and try new things, and families can exhale — even in the face of cancer.

Help make camp possible.

Care Camps Foundation

How We Make A Difference

More Than 40 Years of Impact

For more than four decades, we've helped make camps possible for children with cancer and their families. What began as a grassroots effort by the KOA Owners Association has grown into a bi-national nonprofit supporting pediatric oncology camps across the United States and Canada.

The Healing Power of the Outdoors

We believe the outdoors can heal in ways nothing else can. For children shaped by hospitals and treatments, camp offers fresh air, laughter, and the freedom to just be kids. *Through trusted partnerships, we help create spaces where hope can grow year after year.*

Kids Can Be Kids

At camp, children with cancer are not patients. They are campers. They don't have to explain themselves, and they are surrounded by peers who understand. *We exist to protect and strengthen that experience—ensuring camps can provide safe, medically supervised environments where kids can play, try new things, and simply be kids.*

A Breath of Relief for Families

Camp is more than a break for families facing childhood cancer—it's a place where everyone is supported. Oncology camps offer family weekends, retreats, and sibling programs so parents can connect and siblings can build their own community. *By removing financial barriers, we ensure these medically supervised experiences are no cost, giving families something dependable during an uncertain time.*

Trusted, Transparent Support

Care Camps Foundation provides consistent support in close partnership with the Children's Oncology Camping Association (COCA). *Transparency and accountability guide every decision, allowing donors to give with confidence and camps to plan for the future with stability.*
